## Doutzen Kroes for L'Oréal Paris

1

With your fingertips, a brush or sponge, apply **True Match Makeup in Light Ivory**. Start in the centre of the face and blend outwards *using less towards the edge of face*.

2

Using **Doutzen Kroe's Color Appeal Star Secrets in Beige Taupe** sweep the lightest tone over the lid and into the inner corners. Blend the medium shadow into the crease for depth. Line the bottom lashline and outer corner with the darkest shade.

3

Apply two coats of **Lash Architect Black** to the top lashes.

4

Coat lips with **Color Riche Lipstick in Fairest Nude**.

### Quick Tip:

To achieve more open eyes use an eyelash curler. Curl lashes 3 times before applying mascara; first at the roots, then at the centre and finally at the tips.
