## Penelope Cruz for L'Oréal Paris

1

Blend **True Match Make up in True Beige** into skin. To achieve a smooth and natural finish dust over with **True Match Super Blendable Powder**.

2

For sculpted and defined eye make-up select **Penelope Cruz's Color Appeal Star Secrets in Honey Brown**. Start by applying the lighter shade from lashline to brow. Blend the darker shades into the crease and under the bottom lashline ensuring there are no hard lines.

3

Work **Telescopic Mascara in Black** through lashes. Wiggle the wand from side to side so that lashes are thoroughly coated.

4

To give cheeks warmth sweep **Blush Dèlice in Ginger Snap** upwards towards the temples and blend completely.

5

Apply **Glam Shine Cream Lipstick in Sweet Nude**.

### Quick Tip:

To help stop lipstick 'bleeding' use a cotton bud and dust True Match powder around lip line before applying lipstick.
