Bedroom Eyes by Revlon

1

Sexy smoky eyes have never been this easy using **Bedroom Eyes Powder Liner in Fishnet Jet**. Start by applying this innovative loose powder liner with the applicator provided following the top and bottom lashlines.

2

For glamorously heavy lashes apply 3 coats of **Lash Fantasy Mascara in Black Fantasy**.

3

Create luminous, dewy skin by smoothing **Bare It All Lustrous Lotion in Peachy Tease** over the face. Beautiful on its own for a more natural finish or, if you prefer mix a little with your foundation.

4

Using a blush brush sweep **Golden Affair Sculpting Blush in Rose Rapture** along the contour of the cheek bones. Then apply **Super Lustrous Lipgloss in Glossy Rose** for a sexy pout.

5

To finish lightly dust over with **Bare it all Lustrous Powder in Peachy Tease**. You'll love using the luxurious powder puff.

Quick Tip:

To avoid excess dark eyeshadow falling and spoiling your foundation, simply apply dark eye makeup first. Remove any spilt eyeshadow with a clean cotton bud, and then apply foundation.
